Come see us at the opening of X-Ra*di*ance at Linda Matney Gallery The weekend of 10. Feb 2013. I want to see all of you :) !!!

Make your reservations NOW !!! Do it as a Christmas present for yourself :) !!!
A mini Tesla vacation, so to speak. I might even bring a coil so you can see the effects live, for the first time since the 1890s !!!

See Tesla Coil discharges as art, both mine and Thomas Burton Kinraide's.
It is the first time electrical discharges are featured in a gallery since 1900!
